<i>Meeting</i>	<i>Date</i>	<i>Venue</i>	<i>Room</i>	<i>Comment</i>
PCT	27/09/05	BTH	Ctte Rm 2-3	I attended. See Note D

Notes

Note A

Public had to quit public gallery to 'invade' the councillors area with their consent.

Note B

I did not attend as I was a 'guinea pig' at Sussex Eye Hospital.

Note C

I don't think I attended, the minutes have not appeared yet.

Note D

I confirmed with Mr John James PCT's Chief Executive that there was no audio equipment at all.

General Notes

This is not a full list of the meetings that I attended or could have attended but gives an idea. I remember these meetings. Unless it states otherwise I attended these meetings. For example, I attended many more meetings than listed above of the Planning Sub-committee because I take an interest in Planning matters.

I have been a member of DAAG for many years. I have been a member of LAF since its inception in Autumn 2003 under the Countryside & Rights of Way Act. My attendance at these meetings is minuted.

I take an interest in health matters and was an elected member of the Brighton, Hove & Lewes Community Health Council for nearly 3 years until its abolition. I therefore would like to attend PCT meetings but it is not fruitful to do so when they are held in Committee Rooms 2-3 at Brighton Town Hall. Sometimes they are held in the Auditorium at the Brighthelm Centre (North Road, Brighton) which has good audio equipment including a functioning Induction Loop.
