Dear Colin,

A BIG Thank you

I would like to confirm that we have received with pleasure your donation of £1,250 from Brighton & Hove City Council.

We are sure that you will be pleased to know that this donation will make a real tangible difference to the life of a deafblind person and their family. £1,250 will enable specially trained Sense outreach workers to carry out a holistic assessment of a deafblind child.

During this assessment, carried out both in the home and at one of our specialist centres, they will explore the range of vision and hearing of the child, and by working closely with the child and his/her family, plan both a care and educational program that will help the child and his/her family to live as normal and fulfilling life as possible.

Without the professional expertise that Sense workers can provide, a deafblind child can be trapped in a world of isolation for years unable to communicate fully his/her wishes to family members. Generous donations such as this allow us to continue this vital work.

For people with deafblindness and associated disabilities
