**Subject:** Re: HEARING

---

Dear Fiona Goffe,

Thanks for thi s email and I have noted the date of the hearing.

I note that it wil be held in Com room 3 in Hove town hall. I know that room well as I have attended many meetings there, the latest being last night. Despite the claims of the council, there si no working induction loop in that room although I have campaigned for one. I hev never seen any microphones there either. this is relevant because I have sever hearing loss and find induction loops a great benefit. I don't think you will able to persuade the council to obey the DDA in time for 9 February! However, if there are any microphones for the room, perhaps you will make sure they are there on the day and that peope use them. As there will be a small number of people there, I dont think I will have much difficulty provided all speakers speak clearly. The planning inspectorate is aware of my problems and they are eager ( in general) for venues for all hearings an inquiries under their auspices to comply with the DDA. I don ot want my council tax being spent on bringing in a hired induction loop just for that day.

Yours,

Colin Bennett, Hove
