Dear Kevin Noakes and/or Clive Richards

I refer to the Decision made by Heidi Cruickshank concerning the above mentioned highway.

With regard to paragraph 35 (page 8) please note the sentence "... it was confirmed that two of the affected gardens belonged to persons living in St James's Place and the comments in paragraph 34 therefore apply. The other two gates lead into gardens belonging to a property in Old Steine and that belonging to Dr Eckstein. The OMA confirmed that notice had been served on all affected persons and I note that Dr Eckstein did originally object to the Order but that the objection was subsequently withdrawn due to the arrangement with the residents of St James' Place for him to retain access via the key-coded gate. "

I did not see either before the hearing, during the hearing or subsequently any documents confirming the assertions made just above.

The same is true, I think for the Open Spaces Society. Kindly provide documentary evidence for these assertions. Please give the

the address of
the property in the Old Steine that is mentioned.

Would you kindly also supply evidence that all the owners of
houses 1-6
inclusive in St James' Place and all those with interests in
those houses
have assented to a stopping up order.

The term 'householders' in paragraph 34 does not indicate
that ALL the
householders in St James' Place have given consent nor is
this an exclusive
term for all those with interests in those six houses. Would
you kindly
provide documentary evidence that the word householders
embraces all the
people that I have just alluded to.

Thank you very much.

Yours sincerely

Colin Bennett
